We are proud to say that all of the items we sell are made right here in the U.S.A.

At 1st Cast Fishing Lures we are dedicated to finding the right fishing supplies for you at the right price. Quality and value are extremely important to all of us. We currently offer bass fishing supplies for the competitive fisherman as well as the weekend angler.

See for yourself how just the right [fish attractant](#) added to one of our many soft plastic bass fishing lures can change your results. We offer a wide range of fishing supplies from [bass fishing tubes](#) and [bass fishing jigs](#).

From Trick Sticks, [Brush Bugs](#), and Pro Lizards to Tubes, [Craws](#), and [Dadz Craws](#), Humpin Frogs and Finesse worms for Shaky Head fishing. We now also carry a line of **proven Tournament winning jigs and spinner baits from Super Strike!** If you are a fan of Mad Toms and Wacky Jacks then you are in the right spot. These are just a few of the Case Plastics that we are proud to carry. This is a small sample of the Bass Fishing Lures that we carry.

The Halo Jig and Hooker Head Jig play a role in taking 3rd place during a recent tournament at Lake of the Ozarks. We had a fantastic 3 days of fishing. These two jigs helped find many keepers over two days and two tournaments. Check them out, if you haven't used one before, now is the time.

We now have another new supplier. **Black Angel Jigs**. Black Angel manufactures the Magician Swim Jigs that we are now selling. Like all of our suppliers, Black Angel brings a unique product to the table that is a proven winner. Take the time to look at these products and you will see the quality that I am talking about. Please give us a chance to show you the quality that Black Angel Jigs are made with and the results that are possible with these jigs.

We are proud to announce that we have just added another great product to our line up.

INTRODUCING..... **The Magician Swim Jig!**

Designed by Elite Series Pro Fred Roumbanis, and manufactured by Black Angel Jigs. This will change your mind about swim jigs. You need to get some of these. I have used them and seen them in action! Man is this fun!

Now is the time to start thinking about using the swim jig as the grass starts to show up in your area!
